Immerse Yourself in Art!

The Madawaska Valley Studio Tour is located on the unceded and unsundered Ancestral territory of the Algonquin peoples.

The Madawaska Valley has always inspired and attracted artists with its natural beauty and unique cultural heritage. That tradition continues this year, as the 2025 Studio Tour welcomes new studios and new guests to its roster, along with many returning favourites.

Visit artists in their studios during the two-day summer and fall weekend tours. You'll have the opportunity to view and purchase one-of-a-kind art and fine craft, meet new artists and youth guests, and experience live demonstrations. Discover how wood, clay, metal, fabric, glass, leather, and canvas transform in the makers' hands.

Take a drive through historic routes and explore the highlands and valleys during our summer and fall weekend tours. Discover what we call home!

Hold on to this guide. Several of our studios are open year-round. We invite you to discover the Madawaska Valley at your leisure - spring, summer, fall or winter.

Follow the map and watch for the **Red Maple Leaf** signs along the roads that indicate the route to each studio.

Studios are listed here by page number

Visit us

Year-round!

You can visit our artists in their studios during the summer and fall tours, plus, a number of artists welcome visitors throughout the year.

In the summer, studio doors are open wide to the lush forests and pristine lakes in all directions.

When the nights get cold, brilliant yellows, oranges and reds mark the return of fall. The pace slows as the first snowflakes blanket the landscape, but before long, the cycle begins again with the vibrant green of new spring buds.

Whatever the season, take a drive through the spectacular scenery of the majestic Madawaska Valley and visit our studios, where you'll always find art and inspiration.

Call to Artists for the 2026 tour.

Applications to participate in the 2026 Madawaska Valley Studio Tour will be accepted until November 1st, 2025.
